TRANSPORTATION **REAR TRANSPORTATION**

Uebler* Rear bike carrier I21, for 2 bikes, tiltable by 90° degrees

2 331 137

€771.01¹

Very comfortable tow bar mounted carrier with highly innovative features that makes the most out of your bike transportation needs. The smallest and lightest foldable rack that Uebler has ever developed includes a completely new, lever-free iQ fastener, which makes its handling even easier. And as it is also tiltable by 90° degrees, spacious load compartment access with mounted bicycles is nothing to worry about anymore. Being a multiple test winner, the Uebler i-series reliably stands for safety, product quality and loadability. Features patented folding system to very compact storage size, intelligent lightweight construction, patented, lever-free iQ fastener, removable spacer with anti-theft device and detachable bike frame holders. Easy to fold down using foot lever, ideal for e-bikes, bike arm suitable for bicycle frames up to a diameter of 75 mm round and 75 x 45 mm oval. Carrier is lockable to the tow bar and bikes are also lockable to the carrier, 30 kg load capacity for each bike, approximately 13 kg weight, including 13 pin adapter. Size: 118 x 69 x 56 cm, size folded: 61 x 20 x 60 cm. Vertical load: 37 kg from 50 kg towbar load and D-Value 5.3 kN, 37 kg under a towbar load of 75 kg and D-value of 6.7 kN, 60 kg from 75 kg towbar load and D-value of 6.7 kN. Please note: The gross weight mounted on the tow bar (weight of accessory product and its load together) is not allowed to exceed the permitted nose weight limit. Take care when tilting the carrier with loaded bikes. Projecting parts such as the handle bar may touch the ground and could be damaged. Please take necessary safety precautions

herpa print* Rear Bumper Load Protection foil, transparent

Very thin yet highly durable elastic foil that effectively protects your vehicle's rear bumper and bumper edge from getting scratched when loading and unloading. Ensures a smooth and almost invisible blend into the vehicle's rear end design due to its model specific perfect fit shape, high grade transparency and very low thickness. Offers long-term durability without developing a yellowing effect. Also folds over the bumper edge for enhanced protection. Foil can be removed residue-free without impact on the body paint. Thickness: approx. 200.0 µm, temperature resistance: -40 °C to +110 °C. Self-adhesive for quick and easy fitment

2 201 820

SAFETY ANTITHEFT DEVICES

DanTracker* GPS Tracking Device Safety Guard GPS 1A

Uses the Global Positioning System (GPS) to monitor the location of your vehicle and enables it to be found when lost or stolen. Its slim design makes it easy to hide and the long lasting built-in battery operates independently from the vehicle's power supply. Vehicle tracking and individual settings can be managed worldwide via smartphone app or website. Shockproof and waterproof, up to 10 years battery life, SIM card included, free smartphone app available, in live mode transmits its position every 5 minutes while it is in motion. Setting up a geofence also possible in different ranges around the vehicle (300, 500 or 1000 m). An individual notification will be sent when the vehicle is moving out of the set geofence area. Easy installation. Please note: requires user account and fee-based subscription with Dan Tracker. Dan Tracker terms and conditions apply.

Garmin®* Dashboard Camera DashCam 65W

Compact, discreet GPS-enabled camera with 2.0 LCD display and an extra-wide viewing angle to be mounted on the windscreen. Continually records and automatically saves footage, if an incident occurs. Starts recording automatically when plugged in to a power source. Features extra-wide 180-degree field of view, 2.1 MP camera with full HD 1080p video capture (1920 x 1080 resolution), integrated G-sensor allows automatic incident detection to save video footage of incidents on impact. GPS records location, direction, speed, date and time to show exactly where and when incidents occurred, plus built-in Wi-Fi for wireless video synchronisation. Voice command function enables you to start/stop audio recording, take a still picture or start/stop the Travelapse™ video capture feature (condenses hours of driving into minutes of highlights). Captures excellent video details in bright and low-light conditions. Records your drive in 1080p in a continuous loop, using the included, replaceable 8 GB microSD™ card. For more memory, add a larger card of up to 64 GB (class 10 required). Play back the footage right on the display, review later on your computer or use the free VIRB® App on your smartphone. Includes driver awareness functions of forward collision warning and lane departure warning. Built-in red light and speed camera data alerts you when red light cameras or speed cameras are close and when your vehicle is stopped, e.g. at a junction or in traffic, the "Go" alert notifies you when traffic ahead of your vehicle is moving again. Parking mode monitors your vehicle's surroundings while your car is parked and the engine is not running. Automatically begins recording, if and when motion is detected (requires Garmin® parking mode cable). Dimensions: 4 cm x 5.6 cm x 3.1 cm, weight: 60 grams. Operates in the range of -20° C to +55°C. Built-in battery. Kit also includes magnetic mount, power cable for cigarette lighter, USB cable, 8 GB microSD™ card and user manual. Please note: Garmin® terms and conditions and operating restrictions for driver awareness functions apply. Please refer to the Garmin® website for further information
